

QUIZ ANSWERS

I hope you found the quiz educational and maybe even a little bit fun and intriguing. Below are the correct answers to the questions.

1. Yokogawa Electric Corporation and JSR Corporation used AI to successfully run a chemical plant for 35 consecutive days in 2020. View [source](#).
2. In 10 years, 40% of today's Fortune 500s will be gone, replaced mostly by upstarts we haven't heard of yet. View [source](#) (p. 23)
3. The job of 3D Printer Kiosk Owner does NOT appear on the list of Top Future Jobs of 2030. View [source](#).
4. At the Henn-na Hotel in Nagasaki, Japan, 100% of the staff is robots. View [source](#).
5. In 2018, Amazon had employed 45,000 Kiva robots at their fulfillment centers, helping process 306 items per second during the Christmas season. View [source](#) (p. 108)
6. Manual skills are not considered a most in-demand skill for the future. View [source](#)
7. A full 70% of customer interactions will use machine technology by the end of this year. View [source](#).
8. Lack of capital is the reason that 32.8% of businesses fail. View [source](#).
9. The percentage of small businesses that expect to be fully remote by 2028 is 73. View [source](#).

A couple of the questions were pulled from the book *The Future Is Faster Than You Think* by Peter Diamandis and Steven Kotler (2020). I highly recommend this book to anyone who is interested in learning about the amazing new technologies that are already available today, and that will be coming into our companies and lives sooner than we expect.
